

### **Shelton recognized for homeland security expertise**

OAK PARK, Mich.—D/A Central President Paul Shelton has been awarded the Certified in Homeland Security Level 11 designation from the American College of Forensic Examiners Institute.

The CHS distinction is based on an examination on homeland security-related experience, training, knowledge, skill and education. Ongoing education is required to maintain the certification.

The program brings together professionals from disciplines, such as medical, emergency management, law enforcement, public health and technology personal.

Shelton has spent 34 years in the security industry. He has served as president of D/A Central, a company that is a member of SecurityNet, for 30 years.
