

Paul David Shelton, president of D/A Central Inc., of Oak Park, MI, has received a Certified in Homeland Security Level II designation from the American College of Forensics Examiners Institute. He has also become a member of the CHS Preparation & Response team for Security in the Michigan region. The institute created the CHS program in an effort to build a private organization, populated with professionals from many disciplines, that could help further the efforts of the U.S. Department of Homeland Security. Shelton, a security industry veteran, has been president of D/A Central for 30 years.
